Disbursements

When requested by the purchaser disbursements are items arranged for, and paid to, third-party suppliers on your behalf. In certain circumstances, you may be asked to pay for these items at the time the contract is entered into. The following are some items that are often identified as disbursements:

Coroner's fee - this is a fee charged by the coroner for issuing a certificate that allows cremation to take place. The fee is set by the Chief Coroner for Ontario.

Clergy Honorarium - this is an amount paid to the clergy for their services. In some cases the amount is set by the clergy; in others it is an amount determined by you.

Newspaper or radio notices - these are charges for death notices placed in newspapers or radio or other media outlets.

Municipal death registration fee - this is a fee charged by the local municipality to register the death. The fee is set by the municipality and may vary.

Payment, financing and funding

Payment

The purchaser agrees to pay the amount owing within 45 days, after which interest will be calculated and charged in accordance with the terms of payment set out in the contract. Payment terms: If payment in full or part is not demanded prior to delivery of the services, the account will be due when rendered. The purchaser agrees to pay the amount owing on the contract and any additional goods or services ordered subsequent to the making of the contract.

A service charge rate of 1 ½ % per month (19.56% per annum) will be applied to accounts overdue after forty-five (45) days. If the purchaser fails to make the payment required under the contract to the Funeral Home, all expenses of collection, including court costs and reasonable legal fees incurred by Furtney Funeral Homes Ltd., in pursuing the claim against the Purchaser will be paid by the Purchaser.

Funding

For your convenience, we offer two funding options when prepaying services and supplies. When prepaying, you pay for the services and supplies today and the money, along with the accrued interest, will be used to pay for the services and supplies when they are delivered at the time of death.

Trust : Your money is placed "In Trust" either at a Bank, Trust Company or with an Independent Trustee, where it will accrue interest until the contract is fulfilled (when services and supplies are delivered) or refunded (in part) if the contract is cancelled.

Insurance : You may purchase an insurance contract where proceeds of the insurance contract will be used to pay for the services and supplies at the time they are delivered or refunded (in part) if the contract is cancelled.

Unless otherwise identified, all applicable taxes will be added to the prices indicated.
